## Profile Summary

Passionate Frontend Web Developer with extensive hands-on expertise in **HTML**, **CSS**, **JavaScript**, and **Bootstrap**. Skilled in crafting **innovative** and **user-centric web solutions** that enhance **user experience (UX)** and **user interface (UI)**.

## Experience

### Unified Mentor Intern

December 2024 – Present

Web Developer

Remote

- **Developed** and maintained 5+ responsive, user-friendly websites using **HTML**, **CSS**, **JavaScript**, and modern frameworks, increasing user engagement by **30%**.
- **Integrated Git** version control system, reducing code conflicts by **25%**.
- **Enhanced hands-on experience** with **backend technologies**, increasing Full-stack development efficiency by **20%**.
- **Automated** repetitive tasks using scripts and tools, **reducing** development time by **20%**.

## Projects

### Amrita Super Mall Web Application | [GitHub](#) | [View](#) | *Html, Css, JavaScript*

December 2024

- Developed a web application named "Amrita Super Mall Web Application" to manage and showcase mall operations, including shop management, offers, and user interactions.
- Integrated user-friendly interfaces for both admin and user roles, ensuring seamless navigation and functionality across different sections of the application.
- Implemented admin-specific features such as shop creation, category and floor management, offer management, and detailed analytics through dedicated HTML pages and corresponding JavaScript logic.

### Student Teacher Appointment Booking System | [GitHub](#) | [View](#) | *Html, Css, JavaScript*

November 2024

- Developed a comprehensive Student-Teacher Appointment Booking System . A Student Portal allowing students to register, log in, search for teachers, book appointments, and send messages, enhancing communication and scheduling efficiency.
- Integrated role-based access control with dedicated interfaces for Admin, Student, and Teacher roles, ensuring secure and efficient user interactions.
- Implemented an Admin Panel with functionalities such as adding and updating teacher details, approving student registrations, and managing teacher records through dedicated HTML pages.

### Music Player Website | [GitHub](#) | [View](#) | *Html, Css, JavaScript*

October 2024

- Developed a Music Player Website to provide users with an engaging platform to explore and listen to music seamlessly.
- Implemented an Artist Playlist feature allowing users to browse and play curated playlists by their favorite artists.
- Designed a user-friendly navigation system, enabling seamless transitions between the homepage and artist playlists.
- Created a scalable architecture, allowing for easy integration of additional features such as user accounts, music recommendations, or advanced playback controls in the future.

## Technical Skills

**Programming Languages:** Java, JavaScript

**Web Development :** HTML, CSS, Bootstrap, Responsive Design

**Developer Tools:** VS Code, Eclipse, Chrome DevTools, Debugging

**Frameworks:** GitHub, Bootstrap

**Core Competencies :** DSA, OOPS, Network and Security

**Soft Skills:** Problem Solver, Creative Thinker, Leadership, Communication, Teamwork

## Education

### MIT ADT UNIVERSITY School of Engineering and Sciences (CGPA: 7.16)

2019 – 2023

Bachelor of Engineering in Computer Science and Engineering

Pune, Maharashtra

## Trainings

### Coding Ninjas

July 2023 – July 2024

Full Stack Web Development

\* [Java](#) | [Data Structure](#)
